RULES OF PUBLICATION REQUIRED FOR THE DEPOSIT OF THE DOCTORAL THESIS

The programme requires the publication of a scientific article, a book chapter, or a monograph as a research result prior to the submission of the thesis. In the former case, it must be published in a journal indexed in one of the main reference indexes of the Humanities area (JCR, SJR, RESH, Miar, ERIH, DICE; CIRC or Latindex). As for chapters and books, they must be published in a publisher listed in SPI, either in any of the specific sections of the human sciences or in its general index.
